Post Captions: @MLB teamed up with @GoogleCloud AI to give fans a whole new perspective on baseball — like real-time visualizations of every hit, instantly analyzed with historical data and player stats. Tap the link in our bio to learn more.; Wildfires are a growing threat globally — but existing tech just isn't very good at detecting and tracking them. FireSat, a collaboration between Google Research, Muon Space, Earth Fire Alliance, Moore Foundation and wildfire authorities aims to change that. This first-of-its-kind network of over 50 satellites is designed to use AI to detect and track wildfires when they're still small, so that firefighters can respond more quickly. ■■ The first satellite for the FireSat constellation reached the skies this week on the @SpaceX Transporter-13 mission.
